Beyond “Don’t Be Evil”: Embedding your research in social contexts

Science, Technology and Society (STS) Graduate Research Seminar

January 13-17, 2020
1:00-5:00pm

Harvard Kennedy School of Government, Wexner Room 343B, 79 JFK Street

The Program on Science, Technology and Society invites graduate students —particularly engineers and STS Secondary Fielders— to sign up for an innovative research seminar designed to enable you to better understand and engage with the ways research finds its way into applications and policy, and how social and ethical factors affect aspects of your research.

This Seminar can towards the STS Secondary Field when combined with a research paper.

Instructors
Dr. Sam Weiss Evans
Dr. Christopher Lawrence

In Collaboration With
Prof. Sheila Jasanoff
Prof. L. Mahadevan
