

# SDN 2012

## Science and Democracy Network Annual Meeting, 2012

### Program

*The Eleventh Annual Meeting of the Science and Democracy Network is organised by IFRIS and it will take place on **June 25-27** 2012, at CNAM (2 rue Conté, 75003 Paris).*

#### Day 1 – June 25 – Amphithéâtre Jean Fourastier (T.11)

14:00 Welcome

#### 14:15 Session 1 – Europeanization in the move

- **Brice Laurent** (Centre de Sociologie de l'Innovation - Mines-ParisTech, France)  
*Making European objects, constructing the European space of "responsible innovation"*
- **Emanuel Bertrand** (Centre Alexandre Koyré, France)  
*The participation of organized civil society as seen by the European Commission*
- **Henri Boullier** (LATTS / Paris-Est University and IFRIS, France)  
**Pierre-Benoît Joly** (INRA SenS and IFRIS, France)  
*Epistemic Subsidiarity and European Integration: Lessons from European governance of GMOs and chemicals*

16:00 Break

#### 16:15 Session 2 – The politics of nature

- **Les Levidow** (Open University, United Kingdom)  
**Theo Papaioannou** (Open University, United Kingdom)  
*Promoting 'sustainable bioenergy' through socio-technical imaginaries: UK state bodies shaping and legitimizing technoscientific pathways*

- **James Palmer** (University of Cambridge, United Kingdom)  
*Identifying and interpreting policy-relevant knowledge in the face of wicked problems: The case of biofuels and indirect land-use change in Europe*

18:30 **Public Event: Science, Law and Democracy**

Amphithéâtre Abbé Grégoire (16.1.C)

- **Marie-Angèle Hermitte** (CNRS - EHESS)
- **Sheila Jasanoff** (Harvard University – Responsible for the Science, Technology and Society Programme)
- Cocktail

21:00 Adjourn for the day

**Day 2 – June 26 – Amphithéâtre Jean Fourastier (T.11)**

9:00 **Session 3 – Biopolicies, bioidentities**

- **Shai Lavi** (Tel Aviv University, Israel)  
**Sky Gross** (Tel Aviv University, Israel)  
*Kosher Brain Death: A Clash of Medical, Lay and Rabbinic Optics in Israel*
- **Melike Sahinol** (University of Duisburg-Essen, Germany)  
**Emre Sünter** (Middle East Technical University, Turkey)  
*Shifting science and technology by changing conceptions of religion and science in the case of 'tüp bebek' ('tube baby')"*
- **Sang-Hyun Kim** (Hanyang University, South Korea)  
*The Politics of Bioethics in South Korea*
- **Alessandro Blasimme** (Inserm / Université Paul Sabatier Toulouse III, France)  
*Borders of validity: contesting epistemic and regulatory authority in stem cell innovation*

11:15 Break

11:30 **Panel discussion - STS and Law**

- **Rafael Encinas de Munagorri** (Université de Nantes, France)  
**Stéphanie Lacour** (CECOJI, CNRS, France)  
**Olivier Leclerc** (Université Paris Ouest-Nanterre La Défense, France)  
*"Legal Scholarship and Science and Democracy Network: How to Contribute?"*

12:30 Lunch – Salon d'honneur (37.1.50)

14:00 **Session 4 - Science, Technology and their publics**

- **Sujatha Raman** (University of Nottingham, United Kingdom)  
*Making Science Public*
- **Young-Gyung Paik** (National Open University, South Korea)  
*Changing Regimes of Public Health and the Politics of Medical Knowledge in Contemporary South Korean HPV Vaccination Campaigns: A Challenge to Social and Health Activism*
- **Helen Pallett** (University of East Anglia, United Kingdom)  
*A decade of learning about public participation and climate change: institutionalising reflexivity?*
- **Mads Dahl Gjefsen** (University of Oslo, Norway)  
*Establishing sociotechnical coal-collectives in Europe*

16:15 Break

16:45 **Session 5 – Scientific Expertise in crisis**

- **Hideyuki Hirakawa** (Osaka University, Japan)  
**Masashi Shirabe** (Tokyo Institute of technology, Japan)  
*Double marginalization of Science and Democracy: Politics in the Risk Discourse on the Radioactive Risks in Japan*
- **Javiera Barandiaran** (University of California Berkeley, USA)  
**Manuel Tironi** (Pontifical Catholic University, Chile)  
*Expertise in crisis: the politics of choosing energy sources in Chile*
- **Christophe Bonneuil** (Centre Alexandre Koyré, France)  
**Jean Foyer** (Institut des sciences de la communication du CNRS, France)  
**Brian Wynne** (Lancaster University, United Kingdom)  
*Molecular imperialism: the cultural politics of seeing and not seeing transgenes in Mexico*

18:30 Adjourn for the day

## Day 3 – June 27 – Amphithéâtre Jean Fourastier (T.11)

### 9:00 Session 6 – Institutions and Knowledge

- **Jenny Andersson** (Sciences Po, France)  
**Anne-Greet Keizer** (Scientific Council for Government Policy, Netherlands)  
*Governing the future. Institutional responses to problems of long term development in the Netherlands and Sweden*
- **Alfred Moore** (University College Cork, Ireland)  
*Epistemic disobedience*
- **Sebastian Pfotenhauer** (Massachusetts Institute of Technology, USA)  
*Understanding “best-practice transfer:” MIT’s international partnerships and the universalist assumptions of innovation*
- **Adrian Ely** (SPRU - Science and Technology Policy Research, United Kingdom)  
*Backward-mapping: a tool for comparing civic epistemologies in multi-level studies of regulatory harmonisation?*

11:15 Break

### 11:30 Special session on Digital Platform for STS

- **Marc Barbier** (INRA SenS and IFRIS, France)  
**Jean-Philippe Cointet** (INRA SenS and IFRIS, France)  
*Reconstruction of Socio-Semantic Dynamics in Sciences-Society Networks: Methodology and Epistemology of large textual corpuses analysis*

13:00 Lunch – Salon d’honneur (37.1.50)

### 14:00 Future Meetings and Other Business

14:30 Adjourn
